Dewan's Minute

Thi needs further consideration.

The Dewan gave personal instructions that -

(1) arrangements should be made immediately to post a District Health Officer to the Shimoga District, as it is likely that a malnad investivation will be conducted in that district by the Rockfeller Institute who may require the help of a Health Officer

(2) that Mrs.Perriton; Lady Assistant Surgeon, now working in the Shimoga District, may be transferred to the Victoria Hospital and the Lady Apothecary now working there may be posted to Shimoga; and

(3) that two more Lady Sub Assistant Surgeons may be posted to suitable centres in the Shimoga District.

P.T.O.

CONNECTION WITH THE MALARIAL INVESTIGATION TO BE CONDUCTED BY THE ROCKFELLER INSTITUTE.

There is no officer in the Public Health Department to be posted as District Health Officer, Shimoga. If, however, the work is of a temporary nature lasting, say, for three or four months, then, Mr.P.Parthasarathi Chetty is best suited for it, as he had already worked as District Health Officer in that District and thoroughly knows the conditions prevailing there. If this is approved, Mr.S.Varada Iyengar will be posted to look after the present duties of Mr.Parthasarathi Chetty in the Victoria Hospital and the Medical College, as he was doing the work before the latter was made to take it up.

If there is any objection to disturb Mr.Parthasarathi from his present work, Mr.S.Ramachandra Rao, who is now at Krishnaraja Sagara, may be posted, as he has also acted as Health Officer on occasions. Another Assistant Surgeon or Medical Graduate will be found to relieve him and remain temporarily in charge of Krishnaraja Sagara.

Whoever is posted to Shimoga for this special duty will have to be given a special local allowance of Rs.100/- per mensem for the hardship and inconvenience (including absence of private practice to be undergone by him, in addition to the usual Travelling and halting allowances according to rules.

(2) POSTING A LADY APOTHECARY TO THE DISTRICT HOSPITAL AT SHIMOGA & MRS. PERRITON TO THE VICTORIA OR OTHER HOSPITAL.

The posting of a Lady Apothecary (which grade is now abolished) to Shimoga will strike at the very root of the Revised Malnad Improvement Scheme sanctioned in Government Order No.L. 2891-904-San.28-24-1, dated 1st October 1924, according to which the appointment of FOUR highly qualified lady doctors was ordered in the interest of the Malnad to render "special medical relief to women". Vide also para 6 of Government Order No.L.1961-66-San.10-24-42 dated 11th September 1925.

P.T.O.

From my personal knowledge of the conditions in the Shimoga District, gained during a period of over seven years when I was in medical charge of the district, I am able to say that there is a very wide scope for surgical work of a high order there. Supposing for instance there is a difficult case of labour with a contracted pelvis and a normal child, it will be necessary, in order to save the mother and the child, it will be necessary, in order to save the mother and the child, to perform a Caesarean. Operation, i.e., cut open the wall of the abdomen and uterus and deliver the child, which an ordinary Lady Apothecary can never do. Only the other day Mrs.Perriton, when she had come to Bangalore, told me that she had performed an abdominal operation "Ovariotomy". When a few such operations are done there and the people come to know that big operations on women are being successfully done in the hospital by a Lady doctor, cases are sure to come from all parts of the District where, as I have already said, there is a vast field for work of a higher order. In these circumstances it does not seem desirable to remove Mrs.Parriton who just returned from England after obtaining higher qualifications and was, therefore, posted to Shimoga in conformity with the Malnad Improvement Scheme above referred to, and to whom I mean to give a number of facilities so that she may turn out better surgical work. If only a Lady Sub Assistant Surgeon or Apothecary is posted to Shimoga, the work turned out will be only of the ordinary kind done by a Midwife and, perhaps minor surgical work like the opening of an abscess or extraction of a loose tooth, etc.

Should the posting of Mrs.Perriton to any other Hospital be still considered as necessary by Government, she may be transferred to the Krishnarajendra Hospital where, for want of a lady doctor of a higher status, only a Sub Assistant Surgeon has been posted to work in the women and children's side for some months past. But of the three highly qualified lady doctors whose appointments had been sanctioned in G.O.No.G.8804-5/Med.64-25-32, dated 27th April 1926, one was intended for the Krishnarajendra Hospital, but unfortunately, two of them would not come as they had accepted

posts elsewhere and the one who has accepted and reported for orders has been posted to the Victoria Hospital.

(3) POSTING OF ONE OR MORE LADY SUB ASSISTANT SURGEONS TO SUITABLE CENTRES IN THE SHIMOGA DISTRICT.

There is a lady Apothecary at Sagar already. The question of extending the building at Thirthahalli to accommodate a Female Dispensary is under active consideration and when accommodation is ready, a Lady Sub Assistant Surgeon will be posted there. From my intimate knowledge of the Shimoga District, I may say that the opening of a female dispensary at Kallurkatte is absolutely unnecessary as there will be hardly any work. For the third centre, Honnali will be most suited as it is centrally situated to serve the needs of a large area extending to Shikarpur on one side and Sulekere, Chennagiri, Santhebennur, on the other side, including the important Hobli centre of Nyamthy.

Bangalore,
2nd June 1926.

Sd/- Md.Usmon
Senior Surgeon.

P.T.O

Serial No.

Reference orders at para 7 above. Submitted for orders.

Intd.C.C. 3/6

Intd. M.V. 4/6

" H.V.K. 3/6 Seen.

There are three points here for orders:--

(1) Posting a Health Officer to the Shimoga District.

This is an urgent need and as suggested by the Senior Surgeon Mr.Parthasarathi may be appointed Health Officer on his present pay of Rs.315/- plus an allowance of Rs.100/- per mensem and posted to Shimoga.

(2) Transferring Mrs.Perriton from Shimoga and sending a lady S.A.Surgeon to Shimoga.

The Senior Surgeon is not altogether in favour of this idea. But if Mrs.Perriton is to be transferred, he suggests her being posted to Mysore. This may be approved, her place being taken for the present by a lady Sub Assistant Surgeon. In a few months, lady Assistant Surgeon Miss Blair who recently reported herself for duty in the Victoria Hospital will have gained some experience and she may be posted to Shimoga.

(3) Opening an additional dispensary for women in the Shimoga District.

The Senior Surgeon proposes to have an additional lady Sub Assistant at Honnali instead of at Kallurkatte this may be approved.

Intd.R.R. 7/6

First Member & Dewan. " M.V. 7/6

NOTE—Contn. Sheet

Serial No.

Dr.Parthasarathy is well fitted for research work, preparing plague vaccine etc., and I am awaiting proposals from Senior Surgeon to utilise him and Dr.Bomanic to best advantage.

One of the others mentioned may be posted after the Rockfeller Doctor arrives and to go with him in the first instance.

Mrs.Perriton may be posted to Victoria Hospital and Miss Blair to Shimoga after 2 or 3 months. The Senior Surgeon may perhaps privately ascertain whether a transfer is desired by Mrs.Perriton as she only very recently rejoined.

I have no objection to Honnali instead of Kallurkatte. But Honnali is not Malnad and some other Malnad centre has also to be selected by Senior Surgeon

Dewan) Intd.K.C. 8-6-26

" M.V. 10-6-26

The Senior Surgeon may be asked confidentially to submit suitable proposals so as to post Mrs.Perriton to Bangalore, immediately, and submit very early proposals about giving additional research work and vaccine preparation work to Dr.Parthasarathy, so as best to utilise the services of Dr.D.and Dr.P.

Dewan's minute.

I agree

Dewan's minute.

I believe she is very anxious to come to Bangalore.

Dewan's minute.

I am inclined to think that a Health Officer may be sent to Shimoga as early as possible so that he may get to know the district well by the time the Rockfeller man comes. A Health Officer is to my mind very necessary for the district.

Serial No 40

Notn No C60 dated the 28th June 1926.
To the Confidential, Supplt Gazette.
Requests him to modify the translation in the Supplt Gazette
to the Senior Surgeon Cochin Harbour, Supplt, Bangalore,
forwards a copy of the above, with certain alterations.

The Senior Surgeon recommends the appointment of Miss Rhein as the Resident Medical officer of the Maternity Hospital Bangalore, and the payment to her of a monthly allowance of Rs 50, debarring her from taking up private practice. The number of lady medical officers available to attend upon patients at their own houses in Bangalore, is very very small, perhaps not more than three in all, and

NOTE—Contn. Sheet

Serial No

doctor, if one qualified lady from among these members is to be prohibited from taking up private cases the public are likely to be very much inconvenienced. The lady medical officer the lady Asst Surgeon & the lady Subasst Surgeon, attached to this institution, are all provided with quarters on the premises of the institution, and as such, there is not much danger of the institution being ~~without~~ left without a lady doctor to attend ~~not~~ to emergent cases in the Hospital. It is therefore for orders whether a new appointment (Resident Medical officer) has to be created to this institution now. If it has to be so created

Serial No

and allowance as paid as recommended the financial section have to be consulted in the matter.

The S.S. says that there are 36 beds now for maternity cases, & hence it is need that Rs 9.0 shd be available always. The allowance of 50 Rs proposed is however too little, as a single case brings ten ladies for Rs. 9 I think it will be necessary also to have more lady Doctors in Bandabe & Hoare; as those now in service are nearly overworked. I have asked S.S. to enquire on the spot with Madras & with Mission Hospitals & study the matter. Meantime,

A | I think that an allowance of Rs 100/- (or at least 75) will not be too much.

Please submit to Council.

Please also ask S.S. (separately) to ascertain whether the previous Rs 9.0s had been up to high standard to meet

NOTE

Dated 9/8/ 1926.

25 Dr (Miss) Blair who is R.M.O. at Maternity Hospital, Bangalore, complains that the Senior Surgeon has verbally told her (as he seems to have told Miss Marcham) not to take up private practice; that she is losing 400 Rs at least a month i.e (4 cases) by giving up private practice & that a fair allowance should be allowed. She thinks that even 100 Rs is too little.

26 The questions whether a highly qualified R.M.O should be on duty always at the Maternity & if so what allowance should be given here are under consideration — but it seems scarcely fair that Miss Blair should be prevented from private practice till the matter is settled — & I think the S.S. has to be told accordingly.

27 He has given no written order, but a verbal order is equally binding

IV. Appointment of an R.M.O. to the Maternity at Bangalore (Miss Marchant's case).

It was decided that the Maternity Hospital should have a Resident Medical Officer and that such officer should be given a monthly allowance of Rs.75/-. This concession should be shown also to Miss Marchant who was the Resident Medical Officer, Maternity Hospital, for some months before she went to K.G.F.

I submit a report of the proceedings of the meeting of the Dewan, the First Member and the Senior Surgeon on the afternoon of the 6th instant for perusal.

Action will be taken separately.

NOTE. Contn.Sheet

Subject :— Appointment of the Assistant Surgeon attached to the Maternity Hospital, Bangalore, as the Resident Medical Officer of the Institution.

H. In his letter No.5 A, dated the 16th June 1926 the Senior Surgeon recommended that Assistant Surgeon Miss Blair, attached to the Maternity Hospital, Bangalore, might be appointed as the Resident Medical Officer of the Institution, with a suitable allowance and debarred from taking up private practice.

G. 2. In his letter No.G.C.63-5, dated the 30th August 1926, the Senior Surgeon furnished certain additional information on the subject and reported that under the existing conditions, very often, both the Lady Medical Officer of the Maternity Hospital and the Assistant Surgeon attached to the institution, had been called away to see private cases and the Hospital had been left without a competent and responsible officer to meet emergencies, that as the Hospital was becoming more and more popular and patients from surrounding villages were coming for admission in large numbers, it was necessary to provide every possible facility in the institution, including medical and surgical attention in cases of emergencies. He therefore once again urged upon Government the necessity of appointing a Resident Medical Officer to the institution to attend to such cases and to exercise supervision over the Nursing Staff and to be in charge of the Hospital Stores, as in other important medical institutions of the State.

P. 3. The question was informally considered at the meeting of the Dewan, the Senior Surgeon and myself on the afternoon of the 6th September 1926 and it was decided that the Maternity Hospital, Bangalore, should have a Resident Medical Officer and that such Officer should be given a monthly allowance of Rs.75/- in lieu of

P.T.O.

37

of private practice. The subject of the allowance payable to the Resident Medical Officer was considered in Council on the 4th December 1926 and the following resolution was recorded:--

"The Resident Medical Officer, Bangalore Maternity Hospital, may be given an allowance of Rs.75/- per mensem from the time that she took charge of the post and debarred from private practice."

4. The papers were then forwarded to the Financial Secretary for perusal under Government Order dated 22nd June 1918 and these were returned by him with the observation "no remarks".

5. I submit the resolution of the Council for the gracious approval of His Highness the Maharaja.

14/12/27

This is about the delay re. the office files &c. about Communicating the orders to Miss Blair of the Maternity the orders of Govt. about her being free to take up Govt. private practice the orders of Govt.

NOTE—Contn. Sheet

Serial No.

were passed to his Contrary. In this Connection kind attention is invited to his I Member's minutes at paras 25 and 26 Supra.

Serial 47

On 13.8.26. his PS was asked to withdraw his instructions that he might have issued, to Miss Blair, not to take up private practice pending orders of Govt. This letter reached the PS's office the next day. The PS does not say when the orders were communicated

P. & D.

this to be referred from his letter that this was done on the 12th November.

The PS says that he passed orders on the communication the same day and that the head clerk put up a draft the same day, but that his personal assistant did not attend to it promptly. He says that the personal assistant "admits that he forgot to attend to the draft by oversight amidst his heavy and multifarious routine work". The explanation furnished by the P.A. does not disclose this admission. The draft put up by the head clerk, which the PS has sent for perusal is evidently in reply to

NOTE—Contn. Sheet

Flag

Serial No.

Serial 47. But his reply was actually received by Govt on 31st August 1926. A perusal of this letter will show that this letter is different from his draft put up by his head clerk. Another draft must have been subsequently ~~draft~~ put up. Another point is that the H.S. could not have been aware that the S.S. had restricted Miss Blair not to take up private practice because the restrictions given to Miss Blair were only verbal. In any case the S.S. might have made sure, before reporting to Govt. that the restrictions had been conveyed to Miss Blair.

The S.S. may perhaps be asked to warn his office to avoid such delays in future.

Gen. Secy) 15/2

I am afraid there is some mistake in this make. The so called "explanation" of the P.A. to the S.S. is no explanation at all & the Hd. clerk's statement is not clear enough. Nor have Govt recd. the letter of which the draft sent up by the S.S. is the original.

NOTE—Contn.Sheet

Serial No.

There probably is some mistake in sending the enclosures to the S. S's letter. The S.S. may be asked to send all the papers relating to this subject which are available in his office. If there are no other papers, he may be asked to obtain a further explanation of the P.A and the other offrs concerned.

Sir,

With reference to your letter No. Camp No. 6 dated the 14th June 1926, I have the honor to submit the following proposals of transfers of Lady Medical Officers :-

(1) Mrs. Perriton from Shimoga to Victoria Hospital, Bangalore.

(2) Miss. Blair to be Resident Medical Officer, Maternity Hospital, Bangalore.

(3) Miss. Lobo to Shimoga vice Mrs. Perriton.

2. Miss. Blair should be granted an allowance of Rs 50/- per mensem as she will be debarred from private practice and will be required to devote her undivided attention to her duties as Resident Medical Officer. Miss Lobo will get the usual Malnad allowance of Rs 50/- with free quarters.

3. Proposals for entrusting research work and vaccine preparation to Mr. P. Parthasarthi will be submitted separately.

I have the honor to be,
Sir,
Your most obedient servant,

B. Mahomed Usmon
Senior Surgeon.

Dear Usmon,

With reference to your proposal that Miss Blair should be Resident Medical Officer of the Maternity Hospital, Bangalore, and get an allowance of Rs.50 and be debarred from private practice, I am desired to say that the Hon'ble Member would be glad to discuss the matter with you in person. It is desirable that one of the medical officers attached to the Hospital should be always available at the institution. The only question is whether, with this object, the Assistant Lady Medical Officer should be debarred from private practice or the Sub Assistant Surgeons should be given free quarters in the premises and asked to be always there one at a time. In this connection, ~~it is to be considered~~ I am to ask whether the previous Medical Officers took up private practice and if they did how it was possible and allowed.

Will you kindly meet the Hon'ble Member on any working day convenient to you in his Chambers here during office hours.

Yours sincerely,

N O T E.

One Miss. Marchant was appointed an Assistant Surgeon last year and posted for work to the Maternity Hospital, Bangalore. The Senior Surgeon is reported to have asked her to work as Resident Medical Officer of the Institution and not take up private practice and to have promised her a suitable allowance in lieu of such practice. The lady has since gone on leave and has applied for an allowance for the period during which she worked in the Maternity without private practice.

2. One Miss. Blair has been appointed as her successor since. It has been proposed that she may be appointed as the Resident Medical Officer of the Institution without taking up any private practice. ~~xxxx

Med 14-25-50

Dear Sir,

Your D.O. letter No.G.2125-Med.14-25-50, dated 24th August 1926, requesting me to give my opinion as to the need of having a Resident Medical Officer for the Bangalore Maternity and the allowance to be given to such officer, if one is necessary.

The arrangement that prevailed during my time was that all cases of natural labour were conducted by or under the supervision of the Matron or the Assistant Matron, whether during or outside the working hours of the Hospital, duty out of working hours being alternately taken up by the Matron and the Assistant Matron. In all cases of difficult labour and other emergencies, the Matron had to call in the aid of the Lady Medical Officer, who was provided with quarters on the premises. It was incumbent on the Lady Medical Officer, whenever she went out for private cases, to leave the address with the Matron, to enable the latter to send word to her in case her presence was required for attending to any emergency. It was not found necessary to debar the Lady Medical Officer from private practice and thereby deprive the public of the benefit of the experience and servicesof that officer. No report ever reached me of any inconvenience having been caused to the work of the Hospital by the above arrangement.

New recruits to the department, whatever their academic qualifications may be, have to learn the practical side of the work after some years' service and it is undesirable to post as Resident Medical Officers, those who have not gained practical experience by serving for at least five years and established their capacity and fitness to satisfactorily meet emergencies of all kinds arising in the institutions to which they are to be so posted.

If the average number of in-patients is found at any time to have materially increased, it would be a case for increasing the strength of the Nursing establishment adequately, by the appointment of a second Assistant Matron or more midwives, according to the requirements.

Yours sincerely,

T. Annandale

Sir

With reference to your letter No.G.1060-Med.14-25-45, dated 3rd August 1926, I have the honor to enclose copies of the marginally noted letters received from the authorities of the Lady Curzon and the Zenana Mission Hospitals furnishing information on the several points mentioned in your letter, so far as those institutions are concerned, and to state as follows.

No.868/15, dated 9-8-26 from the Residency Surgeon.
Dated 9-8-26 from the Doctor in charge, Zenana Mission Hospital

Number of Maternity Beds. The Zenana Mission Hospital has 10 Maternity beds and the Lady Curzon Hospital contains 28. The number of beds in the Bangalore Maternity, as shown in the Annual Return is only 26. As a matter of fact, space for 12 more beds was set free (6 beds in each of the rooms used as labour wards in the blocks known as Indian and European Wards) on the opening of the new labour ward, the gift of Mr. Iswarappa Bulla and this space is being actually used for admitting more lying-in-cases, as could be seen from the fact that the daily average of in-patients for 1925 was 35.92. As no provision for the additional furniture, etc, required for 12 new beds was made, the lady Medical Officer has continued to show the number of available beds as 26 although it ought to be really 38. When sanction to the additional establishment required for the Gynecological Ward is accorded and the ward formally opened, another 12 beds will be added and on the completion of the Singaramma Septic

Ward which will accommodate 4 beds, the total number of beds in our Maternity Hospital will soon be 54, against 28 of the Lady Curzon and 10 of the Zenana Mission Hospitals.

Whether highly qualified lady doctors are always in attend ance. In the Zenana Mission Hospital, a lady doctor with British Reg istrable qualification is always available. In the Lady Curzon Hospit al, there is one Lieut. Shillong, a Military Assistant Surgeon, as Resident Medical Officer in charge. There are also two Lady Assistant Surgeons who are provided with quarters in the premises and who do alternately out-patients work and indoor work and also attend to the medical and surgical sections..

Allowance to Resident Medical Officer. The Zenana Mission Hospital is a Missionary Institution and the Lady Doctor receives no allowances of any kind for professional work beyond a Missionary maintenance allowance. In the Lady Curzon Hospital, the Resident Medical Officer gets an allowance of Rs.50/- The analogy of the Zenana Hospital which is an institution maintained by a charitable Association, viz., the Church of England Zenana Mission, does not seem to apply to the case in question. The fees earned by the lady doctor in private consultation cases is paid to the Mission Fund. It is not clear from the Residency Surgeon's letter if the Resident Medical Officer or the lady Assistant Surgeons are debarred from private practice. But the Lady Curzon Hospital and the Bowring Civil Hospital being under the same Officer, viz, the Residency Surgeon, and being situated in one and the same compound, are practically a combined institution so that the establishment of the one could be made available for the other in emergency.

The Maternity Hospital, on the contrary, is so situated as to necessitate its being made a self-contained institution in every respect to meet all emergencies efficiently. It has many a times happened that both the Lady Medical Officer and her Assistant were called away to see private cases and the hospital was left without a competent responsible officer to meet emergencies and the patients were left to the mercies of the Matron and Nursing staff. The hospital is becoming more and more popular and patients from surrounding

villages also are ~~seeking~~ coming for admission, in large numbers. I ~~am~~ was shocked to learn that very recently in a labour case ~~of~~ with arm presentation attended to by an untrained Dayee the hand was mutilated. Adverse experiences of this kind have taught even the villagers to avail themselves of the treatment ~~of the~~ given in the Maternity. It is therefore incumbent on our part to provide every possible facility in the institution, including adequate attention to emergencies, to maintain its usefulness and popularity at a high level.

The necessity for a Resident Medical Officer here is far greater than in the Minto Opthalmic Hospital where ~~emergencies are of~~ there can be no emergenciesand yet there is a Resident Medical Officer In the Maternity, cases of adherent plecenta, Post-partum haemorrhage, Arm presentation and other kinds of difficult or complex labour cannot be left to be managed by the Matron or Nursing Staff or even by an ordinary Sub Assistant Surgeons. The necessity for the presence of an ~~same~~ officer with higher qualification is too apparent in such cases. It is needless for me to add that a Resident Medical Officer will have full work in the institution, in keeping a strict supervision over the Nursing Staff, in paying adequate attention to the training of Pupil Midwives and Nurses, being in charge of the Hospital Stores as in the sister institutions (the Victoria and the Minto Hospitals), and in being available for emergencies at all hours of the day or night.

and giving lectures to

I therefore request that my proposal for the appointment of a Resident Medical Officer for the Maternity Hospital and for giving her a Duty Allowance of Rs.50/- per mensem, in lieu of the ~~private~~ privilege of private practice may kindly be sanctioned, as the same is made solely in the interest of improving the efficiency and usefulness of the institution. As desired in your letter No.G.1714-Med.14-25-47, dt. 13/8/26. Miss Blair has been informed that she is free to take up private practice till orders to the contrary are passed by Government.

I have the honor to be,
Sir,
Your most obedient servant,

W Maxwell

Senior Surgeon.

Surgeon to the Senior Surgeon in Mysore.

With reference to your letter No. G. C. 63-1, dated the 6th August 1926, I have the honour to inform you that

(1) There are 28 Maternity beds and

(2) the Residency Surgeon is in charge of the Lady Curzon Hospital. In charge as Resident Medical Officer is Lieut. Shillon, Military Assistant Surgeon. Residing on the premises for the work of the Lady Curzon Hospital are also two Lady Assistant Surgeons who do alternately out-patient work and Indoor work in the Maternity and also medical and Surgical Sections of the Lady Curzon Hospital.

(3) The allowance in accordance to salary of grade paid to the Military Assistant Surgeons is Rs.500 plus Rs.50 per mensem teaching allowance. The two Lady Assistant Surgeons are paid at Rs.170-16-250 and at Rs.125-15-170, respectively.

****

Letter dated 9th August 1926 from the Doctor in charge of Church of England Zenana Mission Hospital, Bangalore, to the Senior Surgeon inMysore.

In reply to your letter of 6th instant, I enclose the particulars requested.

1. Number of maternity Beds in Hospital is ten. two in labour ward and eight in lying-in-ward and verandah.
2. A Doctor with British registrable qualifications is always available.
3. The doctor receives no allowance for professional services as this is a mission hospital. The doctor receives a missionary maintenance allowance.

Office of the Senior Surgeon, M.C.

Dated Bangalore, 30th September '26
1st October 26.

Dear Mr. Ranga Rao,

Med 14-25-55

In reply to your enquiry made in D.C. letter No.3149-Med.14-25-54, dated 18th September 1926, I write to inform you that the only source I can see, for meeting the cost of paying an allowance to the Resident Medical Officer of the Maternity Hospital, is the provision of Rs.8,250/- made under "1.Superintendence" being contribution payable to the Madras Medical College for 11 Mysore students @ Rs.750/- each, But contribution on account of the marginally named two scholars (although they receive scholarships from this Government) has been waived by the College authorities on the ground that the admission of these candidates was not arranged by this office The provision on account of these two students, viz.,Rs,1,500 will, therefore, be available. No savings are possible from the allotment made to the Maternity Hospital itself in the current year's budget.

1.B.J.Ramaiya
2.A.S.Selvaraj

As regards granting the allowance to Miss. Marchant, I am separately submitting my report on the mertis of

her application for the grant of an R.M.O's allowance, requested in your letter No.G.1132-Med.24-26-2, dated 2 August 1926.

Letter No. 5A dated the 16th June - 1926 from the Senior Surgeon in Mysore proposing certain transfers of Lady Medical -- Officers and recommending that Miss Blair, ~~who would~~ instead be posted as the Resident Medical Officer, Maternity Hospital, Bangalore, be given ~~an~~ a suitable allowance ~~of Rs. 50/- per mensem~~ and debarred from private practice.

2. ~~Government Notification No. 60/Med.~~ 14-25-40, dated the ~~28th~~ June 1926 ~~approving of the transfers proposed above, and~~ O.M Memo No 61 Med 14-25 dated 28.6.1926. ~~of the same date~~ stating that separate - orders would be issued regarding the appointment of ~~Miss Blair, as~~ a Resident Medical Officer ~~of~~ for the Maternity Hospital, Bangalore.

3. ~~Further~~ correspondence ending with letter No. G.C.63-5, dated the 30th August 1926, from the Senior Surgeon in Mysore ~~in the matter~~ regarding about the appointment of a Resident ~~Medical Officer to the Maternity.~~

Order No. 97238-9 /W 7/1/27.
Med 14-25-57

Bangalore, Dec. 1926.

The Senior Surgeon reports that in the Maternity Hospital very often both the Lady Medical Officer ~~of the Maternity Hospital~~ and her Assistant have often been called away to see private cases and the hospital has been left without a competent and responsible officer to meet emergencies, - - that the hospital is becoming more and mor

villages are coming in for admission, in large numbers and that it is therefore necessary to provide every possible facility in the institution, including adequate medical and surgical attention to emergent cases. He therefore proposes the appointment of a Resident Medical Officer who will attend to such cases and undertake exercise supervision over the Nursing Staff, the training of Pupil Midwives and Nurses, and be in charge of the Hospital Stores as in the Victoria and the Minto Hospitals.

Government agree with the Senior Surgeon and are pleased to sanction the appointment of a Resident Medical Officer to the Maternity Hospital, Bangalore. The Lady Assistant Surgeon attached to the Institution will hold this place. She will not be permitted to take up private practice and will be given an allowance of Rs. 75 per mensem in lieu of it. The order will take effect from the time that Miss Blair took charge of the post and was debarred from private practice. The extra expenditure resulting from this arrangement will be met during the current year out of savings under "Superintendence, and Contribution to Medical Colleges for training Mysore Students" in the current year's budget.

ORDER NO. G.7238-9/Med. 14-25-57 DATED 7TH JANUARY 1927.

The Senior Surgeon reports that in the Maternity Hospital, Bangalore, both the Lady Medical Officer and her Assistant have often been called away to see private cases and the hospital has been left without a competent and responsible officer to meet emergencies. He states that the hospital is becoming more and more popular and that patients from surrounding villages are coming in for admission in large numbers and it is therefore necessary to provide every possible facility in the institution, including adequate medical and surgical attention to emergent cases. He therefore proposes the appointment of a Resident Medical Officer, who will attend to such cases and will, in addition, exercise supervision over the Nursing Staff, undertake the training of Pupils Midwives and Nurses and be in charge of the Hospital Stores.

2. Government agree with the Senior Surgeon and are pleased to sanction the appointment of a Resident Medical Officer to the Maternity Hospital, Bangalore. The Lady Assistant Surgeon attached to the Institution will hold this place. She will not be permitted to take up private practice and will be given an allowance of Rs.75 per mensem in lieu of it. The order will take effect from the time that Miss Blair took charge of the post and was debarred from private practice. The extra expenditure resulting from this arrangement will be met during the current year out of savings under "21 Medical - I Superintendence, Contribution to Medical Colleges for training Mysore Students" in the current year's budget.

No. 539/G.A.D.

OFFICE OF THE COMPTROLLER TO THE GOVT. OF H. H. THE MAHARAJA OF MYSORE.

Bangalore, dated 1st 2nd February *1927*.

Med 14-25-58

From

S. SHAMANNA, Esq., B.A.,
Comptroller to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

To

R. Ranga Rao, Esq., B.A., B.I.,

General Secretary to the Government

of Mysore, Bangalore.

Sir,

Adverting to Government Order No.G.7238-9/Med.14-25-57 dated 7th January 1927 sanctioning the appointment of Miss. Blair, Lady Assistant Surgeon, as Resident Medical Officer, Maternity Hospital, Bangalore, with an allowance of Rs.75/- per mensem, from the date she took charge of the post of the Lady Assistant Surgeon of the Hospital and debarred from private practice, and pointing out the source from which the extra expenditure involved on this account has to be met in the current year's budget, I have the honour to state that though the extra cost is ordered to be met by reappropriation from the head pointed out in the Government Order, a formal reappropriation statement in the prescribed form has not been received, as required by Article 313, Mysore Account Code, Vol I. I request that it may be arranged to send such a statement as, without it, the order transferring funds from one head to another will not become effective.

I have the honour to be,

Sir,

Your most obedient servant,

S.S.

S. Shamanna
Comptroller.

Office of the Senior Surgeon in Mysore,
Bangalore, dated 3rd February 1927.

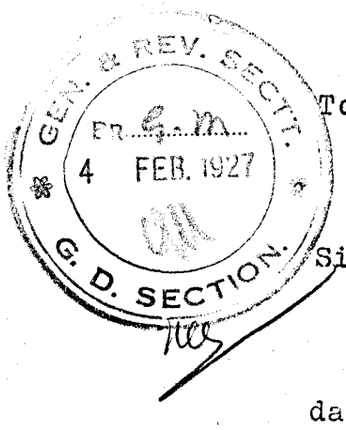
No. 4 C. 63-17

Med 14-25-59

Enc. 3.

From

Dr. B. Mahomed Usmon, L.M.S.,
Senior Surgeon in Mysore, Bangalore.



To

The General Secretary
to the Government of His Highness
the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.4714/Med. 14-25-26, dated 9th November 1926, enquiring when instructions were issued to the Lady Medical Officer of Maternity Hospital at Bangalore, to inform Miss . Blair, Assistant Surgeon, that she was free to take up private practice till orders to the contrary are passed by Government, I have the honour to state that your letter No. G.1714/Med. 14-25-47, dated 13th August 1926, containing the above instructions was received by me on the 14th August 1926. It may be seen from my remarks on the letter (sent herewith for your perusal and kind return) that the matter was attended to by me that very day, and that the Head Clerk of my office, who dealt with the subject also put up a draft (also enclosed) for the perusal of the Personal Assistant that very day. The latter apparently did not attend to it promptly, with the consequence that the instruction could not be conveyed either to the Medical Officer or to Miss. Blair till 12th November 1926. The Personal Assistant admits that he forgot to attend to the draft by oversight amidst his heavy and multifarious work. The explanations of the Personal Assistant and the Head Clerk are also enclosed for perusal.

I have the honour to be,
Sir,
Your most obedient servant

B Usmon

Senior Surgeon.

Sir,

In obedience to your personal order, directing me to submit the further explanation called for by Government, about the delay in the communication of instructions to Miss. Blair, Lady Assistant Surgeon, that she was free to take up private practice till orders to the contrary are passed by Government, I beg to state, that I have no further explanation to offer than what I have given already in my explanation in November 1926. The omission on my part, in not communicating the instructions to Miss. Blair, is entirely due to the file not having come back to me, after the draft reply to Government put up by Personal Assistant and sent for the Senior Surgeon's approval, was approved and sent to Government on 30th August 1926. I regret very much for the omission and beg to be pardoned this time, as the draft put up by Personal Assistant was not seen by me till 30th November 1926, on which date, my previous explanation was submitted.

I beg to remain, Sir,
Your most obedient servant,

sd. V.Audikesava Mudaliar

Head Clerk.
5/3/27

Submitted.

As already submitted by me in my explanation, dated 3rd February 1927, my primary responsibility was putting up a modified draft to Government, for which the papers were sent to me by the Head Clerk "as per Senior Surgeon's orders, many a time, to the effect that all drafts to Government on important matters are to be sent after showing them to the Personal Assistant, for any additions or modification." Accordingly my modified draft was put up and the file sent back on 15th August 1926.

I had no occasion to know of the omission to send instructions to Miss. Blair till letter No.G.4714-Med. 14-25-36, dated 9th November 1926, received from Government, was put into my hands and the file was called for by the Senior Surgeon on or about the 11th November 1926.

(Initialled) S.S.R.
